

Learning From Nature

Nature Can Show Us The Best Engineering Ideas.

The Shape Of a Fish's Body Became an Idea For Mercedes Benz Engineers.

This Fish is Called "Box Fish" and Became a Model For The Design and Manufacturing of a Car By This Company ...

Step 1

*Studying The Structural
Advantages of BoxFish*

Step 2

*Making a Model
Inspired By
The Body Of a Fish*

Step 3

*Optimizing The Model
to Build The Car*

Step 4

*Manufacturing
The Car!!*

*"And Among His Signs is The Creation of The Heavens and The Earth ,
and The Living Creatures That He has Scattered Through Them ..."
The Holy Quran - Surah Shuri - Verse 29*
